

Appointments to the Chiltern Hundreds and Manor of Northstead Stewardships since 1850

Parliamentary Information List

Standard Note: SN/PC/04731

Last updated: 09/06/2009

Author: Department of Information Services

Under a Resolution of the House of 2 March 1623, Members of Parliament cannot directly resign their seats. Deaths, disqualification, elevation to Peerage, dissolution or expulsion are the only causes by which a Member's seat can be vacated. Therefore, a Member wishing to resign has to go through the process of applying for a paid office of the Crown, which automatically disqualifies the Member from holding a seat in the House of Commons.

There are two such offices: Crown Steward and Bailiff of the Chiltern Hundreds and the Manor of Northstead.

The Parliamentary Information List series covers various topics relating to Parliament; they include Bills, Committees, Constitution, Debates, Divisions, The House of Commons, Parliament and procedure.

Also available:

[Research papers](#) – impartial briefings on major bills and other topics of public and parliamentary concern, available as printed documents and on the Intranet and Internet.

[Standard notes](#) – a selection of less formal briefings, often produced in response to frequently asked questions, are accessible via the Internet.

[Factsheets](#) – the House of Commons Information Office Factsheets provide brief informative descriptions of various facets of the House of Commons.

[Education web site](#) – a web site for children and schools with information and activities about Parliament.

Any comments or corrections to the lists would be gratefully received and should be sent to: [Parliamentary Information Lists Editor](#), Parliament & Constitution Centre, House of Commons, London SW1A 0AA.
